

SAVERA ASSOCIATION

Newsletter August 2014

VOL 08

Dear Member,

Welcome back from your summer vacation, hope you all had a wonderful holiday!

I am sure all of you received the Savera calendars, which we sent out in January, and enjoyed looking at the photographs of all our activities. We wanted you to have a glimpse of all the wonderful work that you support. The calendar is a small token of our gratitude to each and every one of you.

February and March were very busy months, both at the medical center as well as the school. We were busy with exams, admissions, as well as assisting parents in admission of their children to new schools. It was a real struggle this year. After a lot of liasoning and intervention, 89 children have moved on to other schools.

The medical center has been busy conducting health camps, health talks, individual health checkups of all the students, as well as running the daily OPD.

We have included some photographs of the various activities that have kept us busy. I am sure you will be pleased to see the progress.

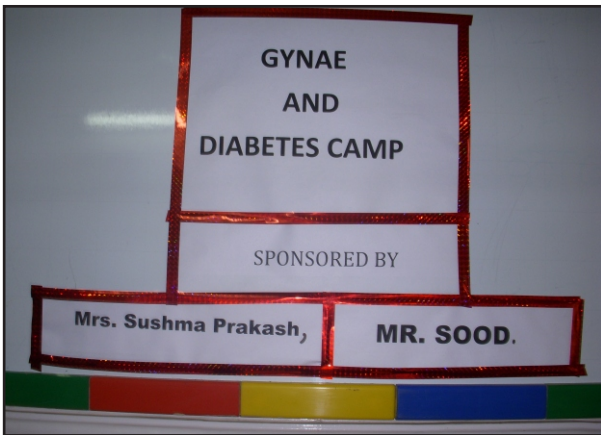

ANNUAL PRIZE DISTRIBUTION

On the 14th of March we had the Annual prize distribution day for school.

The children put up a very touching and lively performance for their parents. The outgoing students sang " So long, farewell" so beautifully; it brought tears to our eyes. After the performance, all the toppers and best students were awarded prizes. The programme ended with a wonderful lunch for all the children.

GYNAE CAMP FOR WOMEN

On the 7th of March, a Gynae camp was organized for the women in the area. A full physical examination, blood test, BP check and pap smear of all the patients were done. Full medical history of each patient was also recorded. A total number 70 of ladies were screened out of which 15 were referred for further tests and are

currently undergoing treatment at AIIMS.

The camp was sponsored by Mrs Sushma Prakash and Mr Sood.

CARDIAC CAMP

On the 1st of March a Cardiac camp was held in collaboration with the Metro Heart Institute. A team of Doctors, nurses and technicians from the

hospital, along with the Savera medical team, screened a total of 106 patients. Out of these patients, 25 were detected with ECG abnormality, 30 with high BP and 17 were found to be highly diabetic.

LIQUID EMBROIDERY

From 4th to 10th March we had a skill upgradation workshop for Ladies who are stitching and embroidering. A five day liquid embroidery training for ladies was organised by Pidilite, after which the girls had an exhibition of the items they made. All participants were then awarded certificates from Pidilite.

UPCOMING DIWALI MELA - October 10, 2014

After the success of our Diwali mela last November, we are planning a similar programme on the 10th of October at Savera.. There will be lots of activities and goodies for the students, as well as stalls selling food, clothes, bangles and paintings: The beauty training students will also put up a mehendi stall , since it is just before karva chauth. Do join us in making this an even more special day for the children and their families.

SAVERA -MAGIC BUS FUNDRAISER

Magic Bus India Foundation and Savera Association joined hands to organize a Gala Dinner at the Durbar Hall, Taj Palace on April 4th 2014. Our generous supporters once again enabled us to raise a good amount to help the needy, and the evening was enjoyed by all !

ANNUAL GENERAL MEETING - 2014

The AGM of the Savera Association will be held on Monday, September 15th at 3.30 pm at The Claridges Hotel. We invite you all to attend the meeting followed by a sumptuous tea.

Please RSVP to Shakira or Rajkumar on 64723574 or 65163574.

Till then,

Best wishes from all of us

-Savera Family-
